

SOPREMA COLOR MATCH INFORMATION FORM

U.S. Corporate Address: 310 Quadral Drive, Wadsworth, OH 44281

SOPREMA SALES REPRESENTATIVE: _____ SOPREMA SALES #: _____

CUSTOMER NAME: _____ PROJECT NAME: _____

Specify which product color additive is to be utilized:

ALSAN RS 287/ALSAN TRAFIK RS 789 LT
Requires a 20 color pack minimum

ALSAN Coating SIL 402 Field
Requires a 600 gallon minimum

ALSAN Coating AC 401 Field
Requires a 600 gallon minimum

Is a verification sample required? (verification sample available only on Leneta 3B card) Yes No

Address where verification sample is to be sent:

ATTN: _____

COMPANY NAME: _____

ADDRESS: _____

CITY: _____ STATE: _____ ZIP: _____

Colors can be matched via Fed-Spec 595, Pantone System, RAL System or by color matching an actual physical sample (no smaller than 2" square). NOTE: A physical sample is ALWAYS the best way to ensure a proper color match.

If the color number is available via one of the three systems listed above, please provide:

Color Number: _____

Fed-Spec 595

Pantone System

RAL System

OR Physical Sample

Custom matches available when a sufficient (minimum 2" square) sample is provided. Please do not write on physical samples.

Color matching is provided as a service by SOPREMA. The process requires a minimum lead time of three weeks from the time a given sample arrives at our facility until the time the verification sample or actual sample quantity is returned to the owner or appointed representative. For large color orders, assume a minimum lead time of one month.

This form must be completed IN FULL and sent (with physical sample when applicable) to the address below:

SOPREMA, Inc.
