

# SOPRANATURE® INSPECTION CHAMBER

Aluminum Drain Cover and Protector

APPLICATIONS

VEGETATED

PRODUCT DATA SHEET PDS10462 - REV 230614

## PRODUCT NUMBERS:

- 22848 - 12 x 12 in (305 x 305 mm) - Box

## DESCRIPTION & FEATURES:

The **SOPRANATURE INSPECTION CHAMBER** is designed to fit over roof drains and protects drains from debris and particles that can impact regular operation. Manufactured from 16 ga aluminum, the chamber measures 12 in (305 mm) square and 5.8 in (148 mm) in height. Special order sizes are available. The door is equipped with a latch so it can be locked up if required.

## APPLICATION:

Place the **SOPRANATURE INSPECTION CHAMBER** on the roof so as to cover the drain. Pour gravel around the drain while ensuring the flaps of the **SOPRANATURE INSPECTION CHAMBER** are properly covered, in order to hold the cage in place.

Refer to SOPREMA's published technical literature for additional details and application requirements.

## STORAGE:

Store in a clean, dry location and cover as necessary to protect from environmental damage such as extreme cold, heat or moisture.

## WARRANTY:

For more information refer to [www.SOPREMA.us](http://www.SOPREMA.us) or contact your SOPREMA representative.
