

SENTINEL® PVC PREFABRICATED CORNERS

APPLICATIONS

ROOFING

PRODUCT DATA SHEET PD10173-Rev. 220412

DESCRIPTION:

SENTINEL PVC Inside and Outside Corners are manufactured from fiberglass reinforced 60 mil PVC membrane and intended to flash 90 degree outside and inside corners. Prefabricated corners are available in white, grey, tan, copper and silver color options.

APPLICATION:

SENTINEL PVC Inside and Outside Corners are installed to the membrane using a hot air welder. Refer to SOPREMA's specifications and installation instructions for additional application guidelines.

STORAGE:

All materials must be stored in a clean, dry location and cover as necessary to protect from environmental damage such as extreme cold, heat or moisture. Monitor varying environmental conditions during storage, handling and applications.

QUICK FACTS

WIDTH/LENGTH (in)	LENGTH (in)	HEIGHT (in)	THICKNESS (mils)
6 (15.2 cm)	6 (15.2 cm)	6 (15.2 cm)	60 (1.5 mm)

PACKAGING

SKU #	PRODUCT	DESCRIPTION	PACKAGING
P504	White outside corners	For use with white membranes	24 per carton
