Terms, Conditions and Limitations

1. The SOPREMA® waterproofing materials covered by this warranty (this "Warranty") are the waterproofing materials specifically identified by number or other description on the face of this Warranty.
2. The authorized contractor who installed the waterproofing is not an agent of SOPREMA. Any future work impacting the waterproofing must be performed by a contractor selected and hired by Owner and authorized by SOPREMA. Contact SOPREMA if you would like to receive a list of authorized contractors in your area.
3. The design and installation of the waterproofing assembly must be in accordance with applicable instructions, details, specifications, approvals, codes, laws, and regulations. All services by SOPREMA related to design, construction, review of project documents or conditions and site visits are limited in scope and do not expand the provisions of this Warranty. These services were not offered, and should not be considered, as a substitute for fulltime quality assurance, project management or professional design services.
4. Owner is responsible for ensuring that the waterproofing is maintained in accordance with SOPREMA's Care and Maintenance Guide (see Form 901) and for promptly notifying SOPREMA of any change in occupancy usage or any other condition adversely affecting the waterproofing.
5. During the entire term of the Warranty, upon request, SOPREMA and anyone it hires shall have full and free rooftop access. Access shall be provided during regular business hours, and, if requested in advance, any other times.
6. This Warranty covers SOPREMA waterproofing products included in a properly designed and installed waterproofing assembly that develops a waterproofing leak due to a product manufacturing defect. The Warranty will provide Owner with a remedy when Owner follows the Warranty Claim Procedure (see Form 900) and the claim is validated by SOPREMA.
7. Following are some examples of conditions and types of damage that are not covered by the Warranty:
 - a. The effects of lightning, fire, flood, acid rain, thermal shock, explosion, hail, seismic event, windstorms, named tropical storm or hurricane, tornado, or microburst.
 - b. Installation workmanship.
 - c. Improper use, order, sequencing, storage or handling of materials or systems.
 - d. The lack of positive slope or inadequate drainage.
 - e. Inaccessible leaks concealed below roof-supported equipment, overburden, and all other materials applied to the surface that are not part of the waterproofing.
 - f. Failure to apply the waterproofing to a suitable substrate, or subsequent substrate failure.
 - g. The failure of waterproofing substrates or attachment.
 - h. A deficient pre-existing condition or any sources of water entry other than the waterproofing.
 - i. Building or substrate settlement, deflection, movement, vibration, or displacement.
 - j. The accumulation of moisture from condensation in or below the waterproofing.
 - k. Exposure to extreme temperatures or humidity, for example, from equipment, exhaust, steam, hot water, freezers, or cold storage.
 - l. Damage resulting from exposure to plants, plant roots, animals, insects, or other living organisms.
 - m. Incompatible materials or substances.
 - n. Deliberate or negligent acts such as abusive traffic, the use of solid casters or non-pneumatic tires, physical damage from rooftop storage or rooftop occupancy, vandalism, misuse, or abuse.
 - o. Falling, flying, dropped, discharged or blown materials, objects or debris.
 - p. Change in building occupancy or usage.
 - q. Unauthorized or improper repairs or modifications to the waterproofing.
8. This Warranty becomes a binding contract once it has been signed by both parties and all fees and expenses associated with the waterproofing project have been paid in full.
9. Temporary, emergency repairs to stop a leak may be made at Owner expense and will not void the Warranty, however it is Owner's responsibility to pay the cost of removing any excessive repairs. Promptly after making emergency repairs, Owner is responsible for following the Warranty Claim Procedure (see Form 900).
10. SOPREMA's failure to exercise or enforce any of its rights or powers under this Warranty is not a waiver and does not preclude SOPREMA from exercising any right or power in the future. Owner's failure to comply with any of the provisions of this Warranty applicable to it relieves SOPREMA of its obligations under this Warranty.
11. This Warranty is governed by and shall be construed and enforced in accordance with the internal laws of Ohio, without giving effect to any choice of law rules that may require the application of the laws of another jurisdiction. Any lawsuit by Owner that is related to the Warranty, or the alleged breach of the Warranty, must be filed in the Medina County, Ohio Court of Common Pleas or the U.S. District Court for the Northern District of Ohio. Owner irrevocably consents to the jurisdiction and venue of these courts.
12. In order for Owner to bring a lawsuit against SOPREMA, Owner must, as a condition precedent thereto: (a) have complied with all of the terms and conditions of the Warranty applicable to it, and (b) the lawsuit must be commenced within one (1) year after the cause of action accrues. Time is of the essence. The failure to satisfy either of these conditions precedent shall result in Owner's claims being forever barred.
13. The terms of the Warranty are severable so that any illegal, invalid or unenforceable provision, if feasible, shall be modified so that it becomes legal, valid and enforceable, or if not so feasible, stricken, in either case without affecting the validity or enforceability of the remaining provisions.
14. This Warranty document (and the documents referred to herein) sets forth the entire agreement between SOPREMA and Owner with respect to the waterproofing. SOPREMA disclaims, and Owner waives, any affirmation of fact or promise that may have been made by SOPREMA or any of its employees, agents, representatives, or distributors that is not expressly stated in this Warranty.
15. The damages excluded by the terms of this Warranty include, but are not limited to, loss or reduction of profits, interruption of business, injury to or illness or death of people, animals or other living organisms, damage or loss caused by or attributable to indoor air quality (including, but not limited to, the presence or growth of mold, mildew or other similar substance in, on or about the waterproofing assembly), or damage to or destruction of property, including the building or any of its contents, even if SOPREMA has been advised of the possibility, or even the likelihood, of any of these types of damages.
16. This Warranty may be transferred to a subsequent building owner upon compliance with the following requirements: (a) a transfer request is made in writing to SOPREMA's Warranty Department, (b) at the time the request is made, SOPREMA is paid its then current transfer fee, and (c) you complete any repairs to the waterproofing or other building components that SOPREMA believes are necessary to preserve the watertight integrity of the waterproofing for the remaining term of this Warranty.
